8 There need be no duplication of records etc as the special Sanitary Officer will be in sole sanitary charge (including, of course the antimalarial operations) of the areas grouped together as malnad tract, in para 5 of Government Order No. 8036-84 Medl. 24-13-13 dated the 24th February 1914. As however, the area is too vast for one officer, I propose that Mr. M.G. Samuel be placed in charge of the special work in the malnad tracts of the Kadur and Hassan Districts.

9 The District Medical ~~Officer~~ Officers of Shimoga and Kadur Districts can conveniently be the District Sanitary Officers as well, in respect of the areas other than malnad in their Districts, - seeing that each of them has a competent Assistant at Head Quarters.

10 In regard to Hassan, the Medical and Sanitary duties pertaining to the District are at present combined in one officer and the only change involved in the proposal is that he will relinquish the sanitary charge of so much of the District as is declared to be a

Submitted to His Highness.

In G.O.No. 8036-84 dated 24th February 1914, provision was made for the appointment of a full time Sanitary Officer on a pay of Rs. 250 plus 50 to assist the Special officer in charge of the Malnad Improvement Operations in the Districts of Shimoga, Kadur and Hassan. As the malnad area comprised in these Districts was considered to be too large for a single Sanitary Officer, it was proposed to appoint Mr. J.V.Karve, District Sanitary Officer of Shimoga as Sanitary Officer for the malnad portions of that District and Mr. M.G. Samuel, District Sanitary Officer, Kadur, as Sanitary Officer for the malnad portions of Kadur and Hassan Districts to attend to the work connected with the malnad improvement scheme as well as to the ordinary duties of the Sanitary Officer, the District Medical and Sanitary Officers of the three Districts being entrusted with the sanitary charge of the remaining portions of their respective Districts. By this arrangement dual control over the malnad portions of the three districts in regard to sanitary matters is avoided. This proposal involves a small additional expenditure , viz., Rs. 50/- in the shape of local allowance to be paid to the Sanitary Officer.

2. As the matter was represented to be urgent, the necessary orders have been issued, with the concurrence of the Second Member of Council, in anticipation of His Highness's sanction which may be graciously accorded now.
